APPLIED RESEARCH BUILDING

DATE: 09/19/22 - 10/03/22

PHASE: Elevator Cab Buildout

Fun Fact:

Elevator installation is a rigorous process. Fabrication of the elevator cabs began in June 2021 and the installation of the elevator shaft started nearly a year later. The delivery of the elevator cabs are tracking for the end of October.

Elevator fronts for East and West elevator on level 1

APPLIED RESEARCH BUILDING

DATE: 09/19/22 - 10/03/22

PHASE: North Yard & Concrete

The yard north of the building will be used for deliveries and to stage special equipment before it is tested inside the building. Landscaping and colored concrete will be added after the exterior panels have been installed.

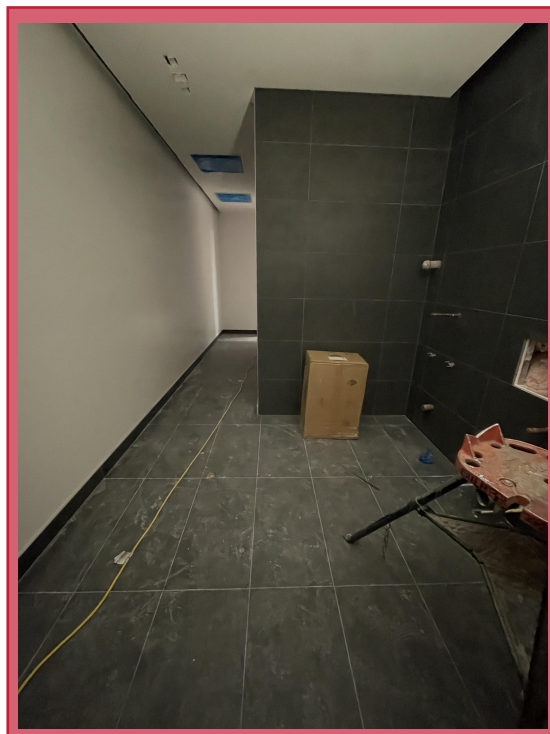

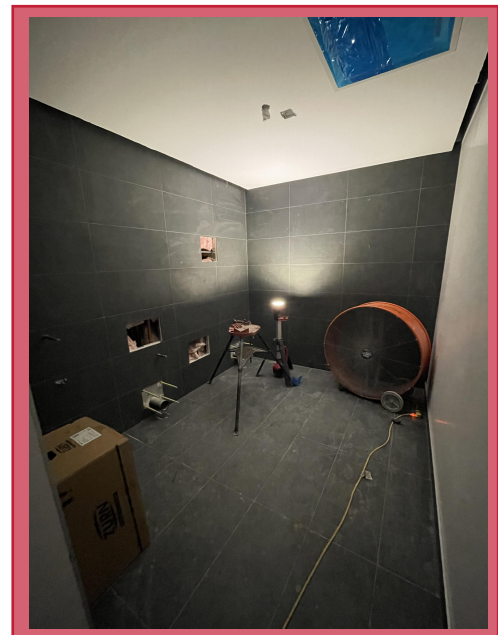

Irrigation sleeves for the landscape
